.26 Instructor Physical Examination

A. Physical Examination Requirements

B. The physician's report shall contain, but not be limited to, an appraisal of all of the following:

- (1) Physical abilities. The applicant shall have no physical limitations likely to interfere with teaching an approved motorcycle safety course or operating a motorcycle.
- (2) Hearing. The instructor shall be capable of hearing a whispered voice at a distance of 20 feet with or without a hearing aid. When there is doubt, an audiometer hearing test shall be administered.
- (3) Alcohol, Narcotics and Other Drugs. The motorcycle safety instructor shall be free from addiction to the use of narcotics, habit forming drugs, or alcoholic beverages.
- (4) Mental, Nervous, Organic, or Functional Diseases. The Instructor may not have any mental or nervous condition which would, in the opinion of the examining physician, interfere with safe driving or riding practices. The Instructor shall also be free from epilepsy, tuberculosis, paralysis, uncontrolled diabetes, abnormal blood pressure, heart ailments, or any other disease which could interfere with the safe operation of a motorcycle or conducting a motorcycle safety course.
- (5) Eyesight. The motorcycle safety instructor shall have:
 - (a) Visual acuity of at least 20/40 in each eye without glasses or by correction with glasses or contact lenses;
 - (b) A field of vision of at least 120 degrees; and
 - (c) No color deficiency that would interfere with the safe operation of a motorcycle.
